### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 45, line 2, delete "dielectric" and insert --dielectric--.

2. The following is an examiner's statement of reasons for allowance:

Claim 1 recites, inter alia, *a second transformer having a first core extending through said layers of dielectric sheets and a first set of electrically conductive windings at least one of said windings of said first set of electrically conductive windings contained between two adjoining layers of said dielectric sheets.*

Claim 10 recites, inter alia, *a first shielding layer disposed on the first exterior surface of said multi layer printed circuit board, and first shielding layer being disposed adjacent to and on one side of said first set of winding.*

Claim 16 recites, inter alia, *an output choke having a second core extending through said layers of dielectric sheets and second set of electrically conductive windings, at least one of said windings of said second set of electrically conductive windings containing between two adjoining layers of said dielectric sheets.*

Claims 20, 22, 24, 28 recite, inter alia, *each electrically conductive trace communicating with one of said set of electrically conductive windings and totally contained between two adjoining layers of said-dielectric sheets.*

Claims 33, 44 recite, inter alia, *conductive windings contained between the two adjoining layers of the dielectric sheets defining one or more footprint.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
